

Mrs. Aylward

By Annika and Heather

Mrs. Aylward was a guidance counselor with 8th graders at Walsh Middle School. She is going back to school to be a guidance counselor again. Mrs. Aylward is going back to get her school guidance degree so she can help students with school issues.

Mrs. Aylward got her bachelor's degree in psychology with a minor in English at Framingham State College. She

started working in a school about 10 years ago and started working at K.E.S in September of 2015.

Mrs. Aylward wanted to teach here at K.E.S because it is a small school and everyone knows each other. She wants to be available for anyone who needs her help. What interested her to be an assistant teacher is because she loves working with students. Her favorite thing to teach is math!

#### Our opinion

We like Mrs. Aylward because she makes our education fun to learn when she helps us. Mrs. Aylward is nice and kind!!
