

All About Mrs. Burns

By: Rylee And Jonah from 4K

Christine Burns is a paraprofessional in kindergarten at the moment and she has taught in other grades. Mrs. Burns started off in first with Mrs. Roffman, then with Mrs. Kilcoyne in second grade, then back to first grade with Mrs. Roffman, and then with Mrs. Mosher, and then has been with Mrs. Greenwood for the past two years. She went to UNH and got a Bachelor's Degree in Psychology.

Kensington Elementary school is the first school that she has worked in. We appreciate what Mrs. Burns has done for the school over the past eight years. What's important to her is that the kids feel like they are listened to. They know that she is there to help them in any way she can. She wants them to succeed. She loves getting to know all the children here and all of the grade levels. She says it's really fun to see them grow and how much they have learned when they have been here.

In our opinion we should thank her for making our kindergarteners smarter. We think she does a great job at teaching and helping. We enjoy it when she is here. She makes it more fun and teaches us at the same time. We think she should be a classroom teacher because she is so good at her work.
