Mrs. Jeanne Calias is a speech therapist at Kensington Elementary School. She helps preschoolers as well as kids at K.E.S. with their speech, social skills, and to speak more clearly.

She went to college at the University of New Hampshire for four years. She got her bachelor's degree in communication disorders.

Mrs. Calias worked with elderly people for acute care rehab before she worked at K.E.S. She has helped people that have trouble swallowing. She also helped people after they have had a brain injury.

Mrs. Calias worked with preschoolers. Her oldest patient was one hundred years old.

Mrs. Calias has also worked at Newmarket Elementary school. After working there, she went back to the University of New Hampshire to get her master's degree.

She has been working at Kensington Elementary School since 2002. Therefore she has been working at K.E.S. for 14 years. The one thing she likes about K.E.S. is working with the kids.
