

Mrs. D 'Agostino

By the fourth grade students, Ella and Jack

Mrs. D'Agostino teaches 5th grade at our school, Kensington Elementary School. Mrs. D. used to teach 3rd and 4th grade at K.E.S. She also taught 3rd grade in Wellesley, Massachusetts at Hadley Elementary. In Massachusetts she taught 4th grade in Littleton. Mrs. D. started working at K.E.S in 2003.

UMASS Amherst is where Mrs. D. got her college education. It was a dual degree in Sociology and Elementary Education. Lesley College is where she received her master's degree.

The way Mrs. D. teaches is encouraging her students to have great ideas. Then she teaches based off their interests. Mrs. D's favorite thing about our school is that everybody here is so kind and respectful. Her other favorite part is that we have students she can count on and who are curious. Mrs. D. also loves the amazing specialists and teachers who are willing to help the students. The students allow her to teach them easier. She will teach your child in a safe and comfortable environment so they can learn and enjoy school!

In Our Opinion:

In our opinion, Mrs. D. is a very kind and interesting teacher. She is an important part of our community. Mrs. D. is very helpful.
