

Interviewing Mrs. Danusis

By Eveliina and Jonah 4th graders

We got chosen to interview Mrs. Danusis and we were happy to interview her. It was really fun and exciting.

Mrs. Danusis has been working here for 9 years and she moved from Florida to Kensington. And has been living here for ten years. Mrs. Danusis has been a teacher before In 1st, 3rd and 4th grade. She said that It was the 2nd home for her and she felt that it was the perfect place to work

In our opinion

My opinion is that she made me more in reading because she used to work with me in reading in first grade. She also helped me with finding my passion in reading. She helped me find the right type of book for me. Now I knew what type of of book I like.
Love Eveliina and Jonah.
