

Mrs. Lawler

By Reilly and Ryder 4th grade

Mrs. Lawler is a 2nd grade teacher. This is her 34th year teaching at Kensington Elementary School, 32 of those years were as a 2nd grade teacher. And for the first 2 years she was a 4th and 5th grade reading and math teacher.

Mrs. Lawler worked at East Kingston Elementary, before she came to our school, which was a great idea! And I don't know what we'd do without her! She is very kind, funny, smart, creative and if you're in her class she will make you feel special!

"I want all of my students to feel successful, to feel productive, to feel good about themselves. It doesn't matter to me if they're the smartest child in my class, as long as they're giving their best effort."

Mrs. Lawler's educational background is that she went to K.E.S. for elementary school, then to Exeter Junior High and Exeter High School, after that she went to Plymouth State College. She got her master's degree in education online at Walter University.

"My favorite thing here at K.E.S. is well two things, working with the staff because they're a great group of people, and the second probably the most important is the children, I just love being around them, they make me feel young."

If you are in her class she will also teach you lots of stuff, like how to make fun crafts such as rag dolls!

In our opinion Mrs.Lawler is a Super Hero!!!
