

Mrs. Marelli

Written by 4th graders Max and Annika

At Kensington Elementary School we have Mrs. Marelli and Mrs. Chisholm as our lunch ladies. Mrs. Marelli is a lunchroom assistant to Mrs. Chisholm. She has been working at K.E.S for 2 years. At college she got her degree in marine biology. Mrs. Marelli also swam with sharks and studied whales. She worked as a chemist when she got out of school until she got married. Before she moved to New Hampshire, she lived in Connecticut. She also was a high school teacher at Winnacunnet in Hampton N.H, before coming to K.E.S.

Mrs. Marelli loves K.E.S. and we love her as our lunch lady. Her favorite part about K.E.S is the kids because they make her smile. Mrs.Marelli and Mrs. Chisholm always makes sure that there is something healthy to eat. She is really good at her job!
