

Mrs. R.'s Interview

Mrs. R's mother-in-law worked here for many years, and she is the 2nd Mrs. Roffman to work here that's why she's Mrs. R. Mrs. Roffman started working at K.E.S. in 1994. She has worked here for 14 and a half years but not at one time. She worked here for 9 years, then she left to raise her family for 7 years.

She has been back working here for 5 more years.

Mrs. Roffman went to UNH for her bachelor's degree in psychology.

She is a math and literacy assistant for kindergarten through 5th grade. When she goes into a classroom she changes her style of teaching because each kid needs help with different things, or is at different points in the subject.

Every time Mrs. R goes to a different class, she makes everyone smile, because she is one of the smartest and nicest teachers we know at K.E.S.
