

Interview with Mrs. Serrin

By: The fourth grade students, Ella, Jack, Mark, and Max

Mrs. Serrin has been working at Kensington Elementary school for 11 years. Her first name is Mary.

Her favorite thing about K.E.S. is the kids. They are always kind to each other. Another thing she loves is how nice the people at K.E.S. are to each other.

She taught at a daycare in Boston for about 25 years. Mrs. Serrin also subbed at an elementary school in Boston. She is a paraprofessional.

She went to college at Wheelock, and a little at Boston University. Mrs. Serrin switched colleges because Wheelock had courses in early childhood education.

Mrs. Serrin teaches here because she had family in Exeter, which is a neighboring city. She also wanted to have her kids grow up in a small, safe, and kind environment.

In Our Opinion

In our opinion, Mrs. Serrin is a kind and helpful assistant at K.E.S. She will help teach your child in a caring and safe community. We are grateful Mrs. Serrin works in our school.
