

Mrs. Spinosa by Robert and Katie 4th grade students

Lily Spinosa is our amazing Physical Education (P.E.) teacher. She has been working at K.E.S. for 13 or 14 years now. Mrs. Spinosa has to make sure that kids stay active and healthy, and her goal is for you to leave the gym hot, sweaty, and tired. She went to Purdue University and got her bachelors in science, then she went to Indiana University and got her masters in Special Education. We asked Mrs. Spinosa what her favorite part of working at K.E.S. is and she said "My favorite part of working at K.E.S. is getting to teach amazing kids on how to be healthy and happy".

Our opinion

We think Mrs. Spinosa is an amazing Physical Education teacher and that she really cares about our health. Our favorite game that we get to play is Capture the Chicken. Even though we leave the gym hot and sweaty we still love gym and Mrs. Spinosa.
