

Ms.Culver

Our beloved teacher Ms.Culver is a very experienced teacher. She has taught in four different grades and two different subjects at many different schools. She has been teaching for over twenty-two years!

Reading, spelling, and writing are her favorite subjects to teach. She likes kids to have fun, too. Ms. Culver went to college at the University of Texas in Austin, Texas and Sam Houston State University in Huntsville, Texas. She got another degree at University of New Hampshire and then one more degree at University of New England.

Her favorite part about teaching at Kensington Elementary School is the kids. She likes how K.E.S. is almost like a family to her!
